

HELP WANTED

Position Announcement:

CRI Feeders is accepting applications for a bunkreader (feed caller) position at our facility in Guymon, OK.

This person would be responsible for evaluating and prescribing daily amounts of feed on a pen by pen basis. This person would interact daily with management, the cattle department and other members of the feed department. Desired skills include feedyard and cattle experience, critical thinking, good communication skills and comfort with computers.

Successful candidate will be detail oriented, organized, a self-starter and capable of performing the physical aspects of the job. Compensation is commensurate with skill set and experience. CRI Feeders is an EOE.
