

HELP WANTED

Position Announcements:

CRI Feeders is accepting applications for a feed mill operator and maintenance person at our facility in Guymon, OK.

This person would be responsible for operating rolls (flaking), as well as preventative maintenance of the feed mill and related equipment.

Successful candidate will be detail oriented, organized, a self-starter and capable of performing the physical aspects of the job. Compensation is commensurate with skill set and experience. CRI Feeders is an EOE.

Please bring resume and apply in person at the feedyard. Feedyard is located 25 miles NW of Guymon. Call (580) 545-3344 for directions.
