

Position Announcement

CRI Feeders is accepting applications for a Head Doctor at our facility in Guymon, OK.

This person would be responsible for daily management of cattle within the hospital, facility upkeep, minor surgeries, necropsies and communication with consulting vet and management. Also oversight of 1-2 other hospital employees. Diagnostic and cattle handling experience is required. Must be comfortable with computerized recordkeeping systems.

Successful candidate will be detail oriented, organized, a self-starter and capable to perform the physical aspects of the job. Compensation is commensurate with skill set. CRI Feeders is an EOE.
